FAIRLEY'S

The Leading Store of Ponoka.

MAY BE INTERNATIONAL WARFARE.

Grave Complications Feared as Result of Russia-Japanese War.

JAPANESE LOSE FOUR VESSEL.

With these Losses the Japanese Have Proven Victorious in Almost every Battle

Four Destroyers Captured.

Nagaski, February23.—Four Russian Torpedo boat destroyers nave been captured at Port Arthur by the Japanese squadron and their crews have been transferred. Russian signals were again used with success.

German Ship Fired On.

Chefoo, February 22.—The Pronto was sent from Port Arthur to Dalny for refugees and chiefly for Japanese women. While leaving Port Arthur with all lights out, she was fired upon by a Russian cruiser. Her shots struck her upper works. It was subsequently explained that she was taken for a Japanese torpedo boat. The entrance to Dalny is honeycombed with mines. Nothing was seen on the passage to this port of either the Russian or Japanese fleet.

France Buys Fleet for Russia.

Paris, February 24.—The Liberal says that France on behalf of Russia has bought the entire Chilian navy consisting of eight cruisers fifteen torpedo boat destroyers, and twenty-four torpedo boats.

Uncle Sam Hated in Russia.

St. Petersburg, February 19.—Anti-American feeling here is growing more intense daily and authorities took special precautions during last week's public demonstrations to safeguard the embassy from insult or attack. The animus against England is far less bitter than against United States.

Russian Ambassador to England Summoned Home.

London, February 20.—Benckendorff, Russian Ambassador to England, has been suddenly summoned to St. Petersburg. It is supposed the Russian government desires his views as to the possibilities of Great Britain joining Russia in certain eventualities.

Three Russian Regiments Drowned.

London, February 19.—Two regiments of Russian troops and one regiment of Railroad troops have been drowned in Lake Baikal, according to dispatch from the St. Petersburg correspondent of the Vienu Narodine Lists. The despatch gives no particulars but it is believed the soldiers perished crossing the Lake on the railway which has been built across the ice. This railway was tested two days ago and it is thought the Russians, were taking a troop train over the lake when the ice broke and the train sunk.

United States Warships Active.

Chee Foo, February 22.—The United States warships Wilmington and New Orleans which arrived here have suddenly been recalled to the south. It is reported that an incident occured at Chang Hai, probably connected with the present war. The Annapolis which is expected tomorrow has been recalled to Shang Hai.

Japanese Recalled.

St. Petersburg, February 19.—Official confirmation has been received that an attack made on Port Arthur on February 16, was repulsed after heavy fighting on both sides. According to the story this attack was intended as a feint to cover the landing at Talien Van Bay but it failed because Russian guns were placed with great forsight to command the shore.

Grave Complications Feared.

St. Petersburg, February 22.—The war of the moment is an extremely serious one with regard to the prospects of international complications. Trans-Caucasian troops are being mobolized and ordered to occupy the frontiers of Turkistan and Persia, this being a strong reminder to England that Russia is ready for war over these two frontiers. A council of war has been held here where the possibilities of international complications are very freely discussed with the result that it was decided if not inevitable, they are so probable that Russia must be fully prepared to meet them. This forms a distinct note in the ideas of the present movement.

Formidable Squadron.

Nagaski, February, 23.—A formidable flying squadron, containing the swift Japanese battleship Hatsuse is today on its way to Vladivostock with the object of attacking that strong Russian centre. The next great battle on the water between the warring nations is expected to take place in the Japan sea, off the northeast coast of Korea or near Vladivostock.

Japs After North Korea.

London, February 22.—Everything indicates that the Japs contemplate an immediate dash for the strategic position in northern Korea, their activity implying that the Russians are also alive to the situation. It is possible that the Russians are already considerably further south than is generally supposed. The present military situation entirely depends upon the issue of immediate operation in the neighborhood of the Yalu river.

Siege Along Black Sea.

The Sofia correspondent to the Daily Mail telegraphs that the Bulgarian government has declared a state of siege over a zone 19 miles wide, extending along the frontier from Kustandil along the Black Sea with the view of preventing the incursion of armed bands.

Japanese Officers Hanged.

St Petersburg, February 23.—The Japanese who were hanged by the Russians in Manchuria for attempting to blow up the railroad bridge over the Sungari River were disguised as coolies. They were arrested just as they were about to make the attempt. Inquiry revealed the fact they were Japanese officers of the general staff named Col. Assaia of the Engineers and Lieutenants Zouchelascha and Kasulata of the sappers. They were hanged from the girders of the bridge.

Sultan Leans Towards Russia.

Vienna, February 22.—According to the newspapers Politische correspondent the Sultan highly disapproved of the pleasure shown in Constantinople over Japan's success. The Sultan has issued strict orders from the Palace that the Turkish press must maintain an impartial reserve.

Russia Seeks Sympathy.

St. Petersburg, February 22.—The Novoe Viemya commenting upon the report of M. Pauloff who was Russian Minister at Seoul of the fight at Chemulpo declare that the Japanese action there takes her from the list of civilized powers and predicts a revival of European nobility against the wild Asiatic enemy.

Russian Finances.

Copenhagen, February 23.—Financiers in this country take gloomy view of the Russian finances. The Russian budget shows on paper a surplus of 20,000,000 roubles. In reality there exists a deficit of 20,000,000 roubles. Preparations are being made to draw to the Russian treasury gold supplies in Finland.

First Land Encounter.

St. Petersburg, Feb. 20.—A dispatch from Port Arthur to-day says, "The first land encounter occured yesterday. The Cossack's attacked some Japanese prisoners on whom they found maps and papers.

Naval Battle at Port Arthur.

London, February 24.—A dispatch from Chefoo today declared that the Russian council there confirms the statement that four Japanese warships were destroyed at Port Arthur in a fight which occurred early on the morning of February 23.

War War! War!

• • •

The Newspapers are Full of war.

While other nations are spilling each other' blood upon the field of battle we, the people of Canada, are living peaceably at home and enjoying the comforts and luxuries of a peaceful country. Still we have wars in our own land, Not perhaps as bloody as the present strife but still of a great deal of importance. Look, for instance at the

- - War of Competition - -

that exists from year to year among all branches of trade and commerce. Some of the contestants are fighting at a disadvantage and some have a large handicap. We are among the latter.

HERE ARE FIVE PLACES WHERE WE HAVE A BIG ADVANTAGE OVER ALL COMPETITION:

1. ***Our long experience in Alberta.***
   Which has made us thoroughly acquainted with the needs of Albertans.
2. ***We take advantage of all discounts.***
3. ***We always tell the truth***
   When we tell you an article is so-and-so you can believe us.
4. ***We do not ask exhorbitant profits***
5. ***Honesty, CiVility, Courtesy***

Increase in 7 yrs. under Liberals .....$3,000,000.

WARNING

The conservatives are now appealing to the electorate for support on their "Wolf in Sheep's Clothing" policy of "Adequate protection and Canada for the Canadians." Voter this phrase sounds very nice, and is certainly tempting, but beware of its meaning, you p.id dear for it in the past, now be cautious and avoid it in the future. A perusal of the above list coupled with the strides of Development visible today in Alberta, fully demonstrates without a particle of doubt that our tariff as it stands is quite adequate. Further both parties have now had their period of power, the above is their records. Therefore the Laurer Government appeals to you on what they have done, not on what they may do, and seeing they have done so much in their brief term of the past, is proof within itself what they are liable to do in the future.

Vote for Talbot and you vote for Progress.

Vote for Bush and you vote for Depression.

Canadian Annexation

Even son oppogole who should be in favor of annexation now and then bobbing up just down with a cry in favor of annexation of Canada to the United S tes. To show what a snap this would be for Canadians who now enjoy few of the blessings in untitered we repro luce the follow. ing appeal to the Filipinos. It was written by a Kansas newspaper man:

"You Filipinos don't know what you are missing by not wanting to bec.me citizens in this great country of ours. There isn't any thing like it under the sun. You ought to send a delegation to see us—the land of the free—land of the free and 40,000 licensed saloons, bibles, forts and gilded houses or prostitutions, millionaires and paupers, theologians and theives, libertines and liars, politicians and poverty, Christians and chain-gangs, trusts and tramps, money and misery, homes and hunger, virtue and vice, and a land where you can get a good hot lunch for fifteen cents and a drink of bad whiskey for five cents, where we can have a man in congress with three wives and in the penitentuary for having two wives and some want to put them two where we can mak; bologna out of dogs, canned beef out of horses and sick cows, and corpses out of people that eat it, where we put a man in jail for not having the means of support and on the rock pile for asking for a job of work, where we license handy homes and fine men for preaching Christ on the street corners, where you have a congress of 400 men to make laws and a supreme court of nine men to set them aside, where good whiskey makes bad men and bad men make good whiskey, where newspapers are paid for suppressing truth and made rich for teaching a lie, where professors draw their convictions from the same place they do their salaries, where preachers are paid $52,000 a year to dodge the devil and tickle the ears of the wealthy, where business consists in getting hold of property in any way that won't land you in the penitentiary, where trusts 'hold up' and poverty 'holds down,' where men vote for what they don't want for fear they won't get what they do want by voting for it, where 'niggers' can vote and women can't, where a girl who goes wrong is made an outcast and her male partner flourishes as a gentleman, where women wear false hair and men dock their horses' tails, where the political wire puller has displaced the patriotic statesman, where men vote for a thing one day and cuss it 364 days, where we have prayers on the floor of our national capital and whiskey in the cellar, where we pay $900 to bury a statesman who is rich and ten dollars to put away a working man who is poor, where to be virtuous is to be lonesome and to be honest is to be a crank, where we sit on the safety valve of energy and pull wide open the throttle of conscience, where gold substance is the one thing sought for, where we pay $15,000 for a dog and fifteen cents a dozen to a poor woman for making shirts, where we teach the 'untutored' Indian eternal life from the bible and kill him with whiskey, where we put a man in jail for stealing a loaf of bread and in congress for stealing a railroad where the check book talks, sin walks in broad daylight, justice is asleep, crime runs amuck, corruption permeates our whole social and polit cal fabric, and the devil laughs from every street corner. Come to us, Fillie. We've got the greatest aggregation of good things and bad things of all the sizes and varities and colors ever exhibited under one tent.

The "Kicker" in Nebraska.

For many years J. W. Christie was a well known citizen of the east side of Fillmore county. He came here from Canada and spent considerable time in stirring up the animals and used never to fail to tell the superiority of the Canadian system of government over ours. Several years ago he sold out his Fillmore county holdings and removed to Alberta, and he is now up there preaching the benefits that accrue to those people if they would only have a good government like that of the United States. In a lengthy article in the Ponoka HERALD Mr. Christie claims that promises made to American settlers by the Canadian government have not been redeemed.—Exeter (Neb.) Dispatch.

School Lands.

It is quite possible that all the school sections from Calgary north and within fifteen miles of the railway, will be offered for sale by auction this year. As the school lands comprise two sections in every township, this means that a large quantity of very desirable land will be available for purchase and settlement. This land, which is reserved as an endowment for the schools of the Territories, will be sold on the ten year plan, with interest at five per cent, an upset price being placed on each quarter section.

Communications.

Decency at Fairs.

The following item of interest which will be of benefit to all right thinking and law-abiding citizens and members of an Agricultural society in particular was given in the Christmas Number of the Farmers Advocate regarding Agricultural Fairs.

The commissioners of Agriculture for New York state has issued the following warning to all the Agricultural societies which receive State moneys:

"Any Agricultural society which shall permit any immoral or indecent exhibition, any gambling device or contrivance in operation of which bets or wagers are made, wheel-of-fortune, or the playing or carrying on of any game of chance upon the grounds used by it during an annual exhibition, will forfeit its rights to any moneys it would be entitled to receive; and it shall be the duty of the president and secretary, or treasurer, of every Agricultural society entitled to receive money, to certify in th ir annual report to the commissioner of Agriculture, executed under oath, on or before the 15 of December in each year, that at the last annual exhibitition it did not knowingly permit any immoral show, or any gambling device, or the playing of any game of chance, upon the grounds used by it during such last annual fair, which report shall be files in the office of the commissioner of Agriculture."

"The department will take active means to ascertain whether this portion of the agricultural law is violated."

We, a society only recently organized, should see to it that nothing of the sort should get the first start on the grounds held by us as an Agricultural society, it will be very much easier to keep there "taken" out, than to get them stamped out if they ever get in.

By just such fellows as these following up the Fairs, so many of our hard working, honest young men and boys are led astray, and many of them get their first lessons in wickedness, which in after years they will regret. Then, in looking back over past life, they would not be able to point a finger at our society in Ponoka and say "there is where I got my start."

Let us as directors and members see to it that our names are not in any way stained.

A DIRECTOR.
Of the Ponoka Agricultural Society.

Wednesday	40	—20
Thursday	44	—06

F. E. Algar accompanied W. A. Snider and Hope Smith on a trip e st of Westaskiwin this week.

J A. Fairley went to Innisfail on Wednesday to open the branch store which the firm is opening there.

Algar & Co., A. Reed and Fairley's, of the general stores, announcethis week that they are receiving United States money at par value.

The report reached town yesterday that Mr. and Mrs. W. L. Johnson of Fairy Bank, has suffered the loss of their four-year-old son of scarlet fever.

Rev. J. E. Pengelly rquests us to announce that he has voluntarily called off his church services for the present owing to the prevalence of disease in town.

Henry Dick is still on the mend. His principal trouble now lies in his left leg which was partially paralyzed and the use of which he may not again have for several months.

This week has been one of very much milder weather than the two p evious ones. The mercury has b en barely down to zero the most of the time and the change is very agreeable as well as a great relief o the wood piles.

Two of Henry Dick's children — one of the girls and little Kenneth —were taken down with scarlet fever the first of the week. They are at the home of Jas Dick, which is under quarantine. The little ones are said to be doing nicely and it is hoped they will safely pass through the siege.

Rev. T. P. Perry desires us to announce that there will be no services in the Methodest church next Sunday nor thereafter until further notice on account of the prevalence of fever in the town. We believe this is the proper course and Rev. Perry's taking the initative in this matter is to be commended. Too much precaution against the spreading of disease in our midst cannot be exercised.

Saturday saw a big crowd in town despite the zero weather. In Alberta people pay little attention to the mercury when it is down t enty or twenty-five below. In South Dakota where we came from they would stay pretty close by the stoves when the weather was as c ld as it has been here. Thanks to our clear bracing atmosphere and the absence of wind the winter weather of Alberta is far from unpleasant.

There seems to be gross carelessness on the part of certain individuals with regard to the spread of the scarlet fever. Some of the cases that have developed the past week have been surrounded by some mystery as to how or where the disease was contracted. We should not care to say whom some people have accused of spreading the disease but surely all alike should exercise great precaution in thoroughly disenfecting themselves after being exposed to this terrible and dangerous disease.

Joseph Stretch is advertising a big auction of his chattels on the first day of March as was no doubt noted by sale bills last week. Mr. Stretch's health is such that he is unable to personally conduct the work of the farm, and as he has been tendered a good position involving much lighter burdens he has concluded for the time being at least to return to the states, although it is with no little feeling of reluctance that he leaves Alberta since he is one of the staunchest believers in the future of the district and the possibilities it offers to the man with the health to continue in the work of building up a future here. Both Mr. and Mrs. Stretch have made many friends during their four years residence here who will follow them with their good wishes.

A good girl who wants to do light housework can secure a position by calling at this office.

The HERALD owes an apology to Nathaniel Ledgerwood for insinuating last week that he had only two children. The recent addition to their family makes the number three.

Mrs. and Miss Hoar arrived from Madison, S. D., Saturday to join Mr. Hoar, who shipped here a short time ago, and is now making his home in the Dakota settlement.

Rev. W. T. Stackhouse superintendent of Baptist missions throughout the Territories, preached in the Reid hall last Thursday night. Mr. Stackhouse is generally recognized as one of the ablest speakers throughout the west and those who turned out to hear him enjoyed listening to an able and interesting discourse.

A four-horse sleigh load of the Ponoka young people attended a dance at the Indian agency Friday night. Among the cowd were the Misses Anna Stretch, Bonnie Ray, Martha Retledge, Etta Williams, Agnes Smith, Ethel Leek, Bertha Ledgerwood; J. C. Fowler, Laurance and Bob Haley, Harden and Arthur Leek, Wesley Warnock, William Charles and Johnathan Jamerson. They all report a glorious time and judging from whe hour of their return they evidently did spend a pleasant night—and part of the following day.

Alberta College, Edmonton, has a scholarship to stimulate its students—the first of many, it is hoped. A prominent citizen of Ponoka, who is deeply interested in the educational progress of Alberta, offers a scholarship if $25, to be awarded to the student showing the greatest proficiency in subjects to be determined by the college board of management. The scholarship will be awarded for the first time at the spring examinations of 1905.

As will be noted by the auction bills Fairley's are closing out their winter goods and clothing at auction during the next week. The rumor has become current that this firm were likely to go out of business here. The members of the firm desire us to state most emphatically that the report is absolutely groundless as they have had no such thing in contemplation in the least. Instead of this they have strengthened the firm by the acquisition of Robt Fairley, late of St. Paul and in addition to their large business here they are now opening a branch store in Innisfail. The rumor that they were about to close up was evidently invented by some busy-body who had little else to do.

W. J. McGillvray, whom it will be remembered sold his farm here a short time ago, and who has since returned from a trip through Oregon and other western points where he went in search of a new location decided there was no better place for him than in Alberta and right in the Ponoka district, and on Saturday he closed the deal with F. H. Karstedt for his farm six miles north of town. The consideration was something like $8.00 per acre and Will may consider that he has a cheap place at that price. Mr Karstedt will seek a location in some of the western states—unless like Mr. McGillvray he returns to Alberta. He gives as his reason for selling the condition of Mrs Karstedt's health which has no been good for years before they came here. The new purchaser will take possession about the first of April.

School Districts Changed.

The last Territorial Gazette announces alterations in the boundaries of the Eureka and Concord school districts. Hereafter the said districts will be as follows:

EUREKA.

Sections 32, 33, 34, 35 and 36 township 41-24, and sections 1, 2, 3, 4, 5, 6, 9, 10, 11, 12, 14, 15, 16, 17, 20, 21, 22, 23, and the west halves of sections 13 and 24 in township 42-24.

CONCORD.

Sections 17, 18, 19, 20, 29, 30, 31 32 and the west halves of sections 16, 21, 28 and 33 in township 42-23 and the east halves of sections 13, 24, 25, and 36 in township 42-24.

A boy sat on a rail fence enclosing a cornfield, A city chap passing by remarked: "Your corn looks kind-a yaller, bub." "Yes, sir, tnat's the kind we planted," answered the lad. "It don't look like you'd get more than half a crop,' said the city chap. "Nope, we don't expect to; the land-lord gets the other half." The stranger hesitated a moment and then ventured. "There isn't very much difference between you and a fool, boy." "Nope, only a strip of weeds," said the farmer boy and the city chap drove on. Moral: Attend to your own affairs and let other people do the same.—Ex.

Farm for Rent.

750 acres three miles from Ponoka to rent. 100 acres broken, 12 acres in fall rye, all under fence. For terms call on

W. G. CERVENY.

Ponoka Agricultural Society.

A meeting of all members of the Ponoka Agricultural Society is hereby called in A. Reid's hall in Ponoka on Saturday, February 27, at 1:30 o'clock. The object of the said meeting will be to consider the question of co-operating with other agricultural societies in securing the importation of seed oats

J. A. JACKSON, Sec.

Secretary. Rossland, B. C.

Correspondence.

Meeting Creek,

Post offices seem easier to get than school houses. One has been established at Mr. Dores, sec. 6-43-29. We have always been told that the school system of the N. W. T. is A No. 1 Granted. Just bring on your officials.

Mr. Devereux, from near Buffalo lake, was recently canvassing the neighborhood for D. H. Kellogg's family physician. Mr. Wilson and others subscribed

Rev. Boyston conducted religious services at Frank Prentices Jan. 20. Where there is so little interest in church work, it seems too bad to have it divided between Saturday and Sunday.

There was so much sickness in the lumber camp that W. C. Carnell and family decided to return and live on their claim in 42 15. The cold weather has compelled them to remain with Mr. and Mrs. Tiffany. As soon as the weather moderates so it will be safe to tent while building they will go to their homestead. Their arrival was timely as Mr. Tiffany has been confined to the house for more than four weeks.

Trapping is a thing of the past and future, not of the present.

When the weather will admit, Chas. Hubbel is at work on a new log house for his family.

Jay Hubbel is hauling logs to his mothers claim and will put up a house for her as soon as possible.

During the long continued cold spell your scribe's ire has been kept from vocal expression by reading the bad "weainutheximr" reports from the Dakotas.

It is to be hoped that the discussions in the columns of th HERALD will result in material good The writer firmly believes that the Canadian government is blind to the requirements of an intelligent, progressive people and that unless naturalized Americans get control of the government soon, the hegira from the N. W. T. will be as marked as immigration has been. People who have been accustomed to schools will not stay in a country that does not provide anything approaching adequate school buildings. People who have been accustomed to ready markets for farm produce, will no long remain in a country where they are forced to haul their products from a railroad town the size of Ponoka because they can not sell them, only to immigrants who happen to have some money and faith enough to invest it. It is not encouraging to know that the price of native lumber has nearly doubled in the last three years without any increase in the cost of production by reason of higher wages. There is too much paternalism in school matters and not enough over monopolies and markets.

Wiltse School District.

As I thought it would not be amiss to let you hear from this district I will send a few jottings of the past and present.

It is rather late, but better so than never.

Mr. Fuller's folks are mourning over the loss of dear Bell who departed Monday to meet her beloved Master J. A. Huber now of Calgary. The good and faithful dog will be sadly missed by all who knew her.

The scarlet fever scare is now upon us and a few have taken precaution by leaving school for a time.

Master Denis Cole has purchased a gramaphone so all the girls in the neighborhood are calling on Denis. So therefore Mr. Cole has been compelled to give the hired hand a vacation in order to answer the many calls at the door.

Thursday evening the 18 Mr. and Mrs. Cole entertained a few of thier friends and while Master Denis kept the notes rolling from the gramaphone, the hostess was preparing a bountiful repast which no other woman in the neighborhood but Mrs. Cole can equal All went home feeling that it was about as good a thing that has happened since leaving the States. The guests were Mr. Cottle and family, Mr. Fuller and family and the school teacher, Mr. Saunder.

Mr. Holmes is diging his well deeper with Fred Dickau in the hole.

Miss Dora Beck expects to leave soon for B. C. So in consequence Mr. Dickaus folks visited there Tuesday evening. Hurry up there Charley and don't let her go.

Mr. Cottle butchered 5 hogs Wednesday, so there will be no danger of his starving to death for a while.

We can not help but feel that Mr. Kunsted has made a mistake by selling out. Also Mr. O. Sander and at the low figures received I would say that they have given their homes away.

Our energetic woodhaulers Mr Fred and Mr. Tom Warren are still hauling to town.

Mr. Mauch and family visited at Mr. Beck's Sunday.

Quite a number were at church Sunday to hear Rev. Mair.

The Victoria Cross
For Valor — In Ten Colors

Weekly Mail and Empire
For News — 24 Pages

THE picture shown is one dear to every man, woman, boy and girl, on account of its meaning—"The Victoria Cross," given for conspicuous bravery. If only the soil of South Africa could voice the deeds performed upon it, how many Victoria Crosses would have been found to have been earned by Canada's sons! It is hard in the heat of action to notice every act of valor, and therefore only those which take place under the eye of superiors of sufficient rank can be noted.

The picture shows one of such deeds. Two troopers are closely pressed by the enemy. The horse of one is hit. Under the withering fire, the man whose mount is unharmed halts, and, risking everything, waits to get his comrade safely mounted behind him and carry him back to the Canadian lines. It is a desperate deed, and one often performed but seldom noticed. When, however, such an act is seen, the reward dear to soldiers' hearts above every other is the result.

This picture is from the brush of Mr. W. B. Wollen, an artist famed for his war pictures, one whose work appears in all the leading illustrated periodicals of the Empire. It is a forceful subject from the hand of a strong man.

The Mail and Empire
has obtained the exclusive right for this picture in Canada. It is a perfect ten-color reproduction, and will be given FREE to readers under the following conditions:—

With The Weekly Mail and Empire
